

# Qualsafe Level 3

## First Response Emergency Care (FREC) (RQF)

### Introduction

This 5 day course is a regulated and nationally recognised qualification, ideal for those looking to work or volunteer as a first responder.

Among the first to arrive at a scene, first responders typically include police officers, firefighters, and those providing medical cover at festivals and events such as Emergency/Community First Responders, Door Supervisors, Close Protection Operatives and Security Guards as well as those working in high-risk environments including the military, power stations, agriculture and manufacturing.

### Course Information

IHTC Ltd offer this course over 5 days.

- 8.30am Start (Arrive 15 mins before)
- 5.00pm End, each day
- No lunch is provided, there will be a fridge and microwave on site and tea/coffee available.

### Course Overview

This informative, hands-on 5-day course fulfils the competencies set out in the PHEM skills framework at descriptor level D, providing the knowledge and practical skills needed to deal with a range of prehospital emergency care situations. The Qualsafe First Response Emergency Care (Level 3 RQF) covers; administration of emergency oxygen, management of trauma patients, major illnesses and much more.

### Certification and Assessment

6 x practical assessments/skills tests, 3 x multiple choice theory, 1 x invigilated exam. Successful candidates will receive a Qualsafe Awards Certificate which is valid for 3 years.
