

Qualsafe Level 2 Award in Principles of CoSHH (RQF)

Introduction

The QA Level 2 Award in Principles of CoSHH (RQF) is a regulated and nationally recognised qualification, designed to cover the basic knowledge of COSHH regulations and requirements.

Course Duration

IHTC Ltd offer this course over 1 day.

Who Should Attend

Suitable for all employees, this 4 hour course is ideal for those who wish to work in environments with hazardous substances, such as: healthcare, manufacturing, cleaning, transport, utilities and office environments.

Course Programme

- Legal requirements relating to hazardous substances in the workplace
- The different forms that hazardous substances can take
- Effects that may arise after exposure to hazardous substances
- The different routes that hazardous substances can enter the body
- How risk assessments reduce accidents and ill health at work
- The five step process of risk assessment
- The control hierarchy in relation to the safe use, handling, transporting, storage and disposal of substances hazardous to health
- Information to refer to when identifying and using hazardous substances
- Procedures for dealing with an incident

Certification and Assessment

Delegates will be assessed on their input, feedback and a MCQ Assessment paper. Qualsafe Awards certification lasts 3 years.
