

IHTC Fire Door Audit Training

Introduction

This IHTC course is designed to equip learners with the knowledge, understanding and skills to carry out Fire Door Audits in their workplace to ensure that Fire Doors within their workplace are maintained in compliant condition as part of preplanned preventative maintenance programs.

Course Duration

IHTC Ltd offer this course over a half day. Generally delivered to Estates Teams in-house.

Who Should Attend?

Designed for workers such as facilities teams to have an idea of what fire doors do and what condition they should be in as part of preplanned preventative maintenance.

Course Programme

Successful learners will develop an understanding of the identification of a fire door and its components and purpose, legal requirements, required checks and the identification of issues requiring remediation.

Certification and Assessment

Learners will be assessed through practical assessments and a short, written theory paper. Successful learners will receive an IHTC certificate valid for 3 years.
