## Fire Safety Awareness/Fire Warden Training

### Introduction

This one-day course is delivered by experienced and competent fire safety trainers and is designed for anyone who has a specific responsibility for fire safety in the workplace, such as designated fire wardens/fire marshals and includes a practical session using fire extinguishers with a live fire rig. This qualification is valid for a period of 3 years.

### Course Duration

IHTC Ltd offer this course over 1 day.

### Date & Times

8.30am Start (Arrive 15 mins before for registration) & 4.30pm End

(No lunch provided, please bring your own, tea & coffee available)

### Course Programme

The learners will gain an understanding of fire safety management at work and the specific roles and responsibilities related to fire safety in the workplace including the characteristics of fire, identifying and controlling fire hazards, fire prevention, evacuation procedures, principles of extinguishing fires and fire safety laws.

### Certification and Assessment

Assessment is by a short quiz at the end of the course, as well as interaction and participation in the live fire practical session and discussions during the course. Successful delegates will receive an IHTC Certificate valid for 3 years.
