

FireQual Level 3 Award in Fire Risk Assessment in Medium-Risk Premises (RQF)

This qualification is intended to address the identified requirements for the development of behaviours, knowledge, and skills in relation to the conducting of fire risk assessments in medium-risk premises. The conducting of fire risk assessments aims to remove or reduce the risk of hazards and to identify safety measures that are required to ensure the safety of people within the premises. FireQual was established in 2020 in response to a need to provide structure and rigour to qualifications that support the strengthening of the competencies of those involved in all aspects of fire safety and the wider building industry.

Course Duration

IHTC Ltd offer this course over five days.

Time:

Start- 8.30am (registration at 8.15am)

Finish – 5pm

(No lunch provided, please bring your own or local amenities available within a short distance. Tea & coffee and microwave available)

Who Should Attend?

For those who intend to carry out fire risk assessments as 'competent persons' on Medium Risk Premises, this qualification is specifically designed to enable learners to demonstrate their ability to undertake this work and is suitable for both in-house fire risk assessors and independent consultants. There are no pre-requisite entry requirements for this qualification. However, candidates should be proficient in core skills literacy, numeracy, and communication.

Course Programme

Delegates will gain an understanding of:

- Principles of Fire Risk Assessment in Medium-Risk Premises
- Conducting Fire Risk Assessments in Medium-Risk Premises

Certification and Assessment

A Portfolio of evidence will be required to be complete after the course. This Portfolio is completed online via "Quals Direct". Delegates will have an assigned assessor who will guide them through the portfolio to completion. Delegates have 6 months after the course to complete the portfolio. On completion of the portfolio, successful delegates will receive a FireQual Level 3 Award in Fire Risk Assessment in Medium Risk Premises (RQF)
